Total amount requested from HUD (without leasing):	Total amount requested from HUD (with leasing):
 Rental Assistance funding = \$90,000 Supportive Services funding = \$10,000 Project Administration funding (7%) = \$7,000 Total amount requested = \$107,000 	 Leasing funding = \$80,000 Supportive Services funding = \$20,000 Project Administration funding (7%) = \$7,000 Total amount requested = \$107,000 Total amount requested from HUD, excluding amount requested for leasing = \$107,000 - \$80,000 = \$27,000
Total amount requested from HUD x .25 = Minimum Match Requirement \$107,000 x .25 = \$26,750	Total amount minus leasing x .25 = Minimum Match Requirement \$27,000 x .25 = \$6,750

Budget Reminders

- List of Staff must include name and title for renewal applicants
- Ensure that calculations are added correctly and formulas retained in the sheet
- Do not add sections or budget categories
- Fair Market Rent vs Actual Rent
 - Review GIW to determine if your project is receiving Fair Market Rent (FMR) or Actual Rent (AR)
 - If FMR use the FY 2023 Fair Market Rent to calculate rent based on the units assigned in the GIW
 - If AR calculate actual rent based on the units assigned in the GIW

De Minimis / Indirect Rate

What are Indirect vs. Direct Costs?

Direct costs: attributable to specific cost objects and categories

- Tend to be variable

Indirect costs: non-attributable – usually includes overhead, administrative activities

- Tend to be non-variable – occurring in the short-term whether an activity happens or not

Using an Indirect Cost Rate

Options:

- Using a federally negotiated rate from your agency
- Using a standard 10% de minimis rate, provided that:
 - You share a cost allocation plan with MOHS as part of your application
 - Track expenses in general ledger
 - Commit to basic accounting principles
 - Account for prohibited or disqualifying considerations
 - Understand that the MOHS compliance team will verify adherence
