Housing First

- Homelessness is first and foremost a housing problem and should be treated as such
- Housing is a right to which all are entitled
- Issues that may have contributed to a household's homelessness can best be addressed once they are housed
- People who are homeless or on the verge of homelessness should be returned to or stabilized in permanent housing as quickly as possible without preconditions of treatment acceptance or compliance for issues such as mental health and substance use
- The service provider working with the individual should connect the client to robust resources necessary to sustain that housing, and participation is achieved through assertive engagement, not coercion

MAYOR'S OFFICE OF
HOMELESS SERVICES

Housing First Agreement

- The program must focus on quickly moving residents to permanent housing
- The program may not screen out clients for:
 - Having too little or no income
 - Active or history of substance use
 - Having a criminal record
 - History of domestic violence (e.g. lack of a protective order, period of separation from abuser, or law enforcement involvement)
- The program may not terminate clients for:
 - Failure to participate in supportive services
 - Failure to make progress on a service plan
 - Loss of income or failure to improve income
 - Being a victim of domestic violence

MAYOR'S OFFICE OF
HOMELESS SERVICES

Fair Housing

- **The Fair Housing Act of 1968** ensures equal access to housing and guarantees equal opportunity without regard for race, color, national origin, religion, sex, familial status (including children under the age of 18 living with parents or legal custodians, pregnant women, and people securing custody of children under the age of 18), or disability.
- **The City of Baltimore** ensures protected class status regardless of race, color, religion, national origin, ancestry, sex, marital status, physical or mental disability, sexual orientation, gender identity and gender expression.

MAYOR'S OFFICE OF
HOMELESS SERVICES
